

2MEDICAL-europe signs outsourcing Agreement with Ingram Micro Logistics

BRUSSELS (Belgium), May 10, 2010 – Ingram Micro EMEA, a division of Ingram Micro Inc. (NYSE: IM), the largest global wholesale provider of technology products and supply chain management services, and 2MEDICAL-europe. Headquartered in Zeist, the Netherlands, today announced the signing of an agreement. 2MEDICAL-europe is focused on importing innovative products to cover unmet needs of physicians and patients in European healthcare.

Under the terms of the agreement, Ingram Micro Logistics will provide fulfillment services for 2MEDICAL-europe across Europe, the Middle East and Africa. Leveraging Ingram Micro's 30-year track record in order management and fulfillment, Ingram Micro Logistics offers 2MEDICAL-europe supply chain efficiencies as well as the capability to meet customer demands effectively with quality service at a competitive price.

President of Ingram Micro EMEA, Alain Maquet, said, "Ingram Micro Logistics has developed a successful business model in North America and Latin America, and we are expanding the model globally. Our Ingram Micro Logistics business in EMEA builds on the success we've enjoyed in other global markets where we are increasingly seeing an opportunity to diversify our business and grow with non-IT related products."

Philippe Carlier, Senior Director Logistics, Ingram Micro EMEA, said "We know that substantial opportunities exist in the EMEA region to expand our business through the Ingram Micro Logistics fee-for-service business model. We look forward to supporting our new vendors with the same type of order accuracy, on-time shipping and world-class logistics centers that our IT vendors benefit from. Ingram Micro is the only distributor offering all of these services in one place, helping partners grow their existing business and expand into their markets of choice.

Maarten Nibbelke, 2MEDICAL-europe's Managing Director, said, "We are very pleased with our partnership with Ingram Micro Logistics. They have impressive capabilities and a sophisticated network to serve markets across EMEA. Their team of professional experts is proactive, took the time to understand our needs, and have significant capabilities that will help us offer the best possible logistical solutions to our current and potential customers."
