

Press release

**2MEDICAL-europe participating to FIME healthcare convention
Miami USA, August 10-13.**

Amsterdam, The Netherlands 1 August 2010

2Medical-europe, based in the Netherlands, is focused on importing special products to cover unmet needs of Physicians, healthcare institutions and patients in European healthcare.

- Currently the majority of medical device innovations is US based, however only a portion of these create value in Europe;

Maarten Nibbelke, founder of 2MEDICAL-europe said:

“You should not accept this dilemma. Valuable innovations must be made available to European medical markets. We can address the commercial root cause why added value and clinical needs are not being met. Our mission is to create sustainable business value for manufacturers at European customers”.

About FIME

FIME is now the premier international medical trade fair and congress for medical equipment, supplies, products, technology and services. Registrants from around the world and from all specialties and disciplines of the total health care arena attend FIME.

Medical products produced in the United States are highly sought after from just about every country in the world. The quality of products displayed at FIME by U.S. companies are a large part of the attraction for the attendees to attend the FIME Convention.

2Medical-europe will be visiting the FIME healthcare convention to meet potential partners and align strategies for Europe. Appointments can be arranged at below contact details. “look forward to agree partnerships with companies I expect to meet during this visit”.
